linkedin.com/in/pedrofonseca

Multimedia designer with 3+ years of experience creating **visual content, motion and communication materials** for international brands. I work end to end — concept, design, animation, editing and post-production — backed by a solid foundation in 3D and generative AI built into the creative process. I'm now looking for a role focused on **graphic design and visual communication**, with a particular interest in **gaming**.

EXPERIENCE

Renders & Animation Specialist

May 2025 — Present

Keenfinity — Bosch · Electro-Voice · Dynacord · IQSight · Radionix

- Graphic design and visual content for five group brands: campaigns, product launches, trade shows and digital communication.
- Motion graphics and promotional video for social media, edited and finished in After Effects and Premiere Pro.
- Integrated generative AI (Midjourney, Veo, ChatGPT, Claude) into concept, storyboarding and visual iteration, speeding up approval cycles.

Junior Render Specialist

Mar 2023 — May 2025

Bosch — Electro-Voice · Dynacord

- Produced imagery and visual materials for catalogs and communication of professional audio product lines.
- Defined a consistent visual style — lighting, color and framing — across product families.
- Product photography, video shooting and editing.
- Started as a Graphic Design intern in the Packaging Development team (Mar 2023 — Mar 2024): packaging artwork and product imagery.

Live Event Streamer

Jul 2022

INDOOR.PT · Freelance — Maia

- Live event broadcasting: camera operation and audio management.

EDUCATION

BA in Multimedia — School of Media Arts and Design (ESMAD), Porto 2019 — 2022

Portuguese — native

English — daily professional use
(Cambridge English certificate)

OFF SCREEN

Gaming is my biggest hobby — and the industry where I would love to apply my visual work. I also played **football** for 11 years and train regularly at the gym.
